Ms. Emberg asked the Board if they had any questions. There were none.

Mr. Emberg moved on to discuss the proposed lease projects.

Ms. Emberg asked the Board if they had any questions. This is the first year of funding for project #9, which is for the five-year lease of an ambulance. Mr. Hickey discussed that due to timing, they added this to the capital plan to start the wait to get the manufacturer and have parts ordered so they can be ready when the vehicles are ready due to supply demand.

VOTE: I move favorable action on Article 19, the Capital Planning article.

Ms. Emberg asked about several items in the Equipment article that appear to fall under Capital but were not voted on by the Capital Planning Committee. Mr. Hickey discussed some school items not placed on the capital plan as the administration believed they didn't fit as capital projects, per the definition of Capital within the Committee's bylaw. Mr. Emberg concurred with Mr. Hickey.

Ms. Emberg asked about Article 21 - Fund Kingston Elementary School Roof Restoration, and Mr. Hickey discussed that it is in a condition that there can be a less expensive rehabilitation which could cost up to a million dollars. Mr. Hickey discussed removing this article to find funding from another funding source.

Mr. Carl Pike explained the process of removing the items from capital planning. Ms. Emberg asked why Capital Planning didn't vote on Articles 9, Leaching Field, and 7, Main Street Water Main.

ADDITIONAL ITEMS:

REQUEST TO USE ARPA FUNDS FOR THE REPLACEMENT OF ROOFTOP HVAC UNITS AT SILVER LAKE REGIONAL HIGH SCHOOL AND THE MAIN STREET WATER MAIN PROJECT

Mr. Hickey explained that the Silver Lake Regional School Committee requested the sending communities appropriate funding to replace one of the two rooftop HVAC units. Kingston's cost toward the project is $188,175. He recommends using ARPA funds for Kingston's contribution rather than raising funds at the Town Meeting.

The Kingston Water Department is seeking an additional $503,349 from ARPA funds to replace the Main Street water main. This requested amount would increase the ARPA funding of the project from the previously approved $419,260 to $922,609.

OPEN AND CLOSE THE ANNUAL TOWN MEETING WARRANT AND AUTHORIZE THE TOWN CLERK TO POST

Mr. Hickey explained that there had been some changes to the Town Meeting warrant since it was closed. If the Board is willing to consider modifying the warrant for any of the changes outlined below, the Board should make a motion to open the Annual Town Meeting warrant.

Two warrant articles anticipated by the Planning Board are no longer needed. Additionally, the 300th Anniversary warrant article has been removed after the Finance Director located over $20,000 dedicated to the 300th Anniversary from previous warrant article savings several years ago.

Two long-standing warrant articles that have been included in the Town Meeting warrant are not required, and the Town Administrator is recommending the Board consider removing those articles, which are:

- The acceptance of the Annual Town Report
- Authorization to receive and expend Chapter 90 funds

Mr. Hickey believes they do not need Town Meeting action and can be removed.

The two articles reserved by the Town Clerk for by-law changes are also proposed to be removed.

Finally, the Town Administrator requests that the Board consider adding two warrant articles. The proposed amendments to the Council on Aging General By-law and the Naming of Town Property By-law should have been included in the Town Meeting warrant, as the Board requested in prior meetings.

Article 47 Petitioned Article - Street Acceptance (Cedar Street)
Residents of 16 Cedar Street were in attendance to discuss the condition of the roads.

Ms. Emberg explained that the Planning Board voted unfavorably on this article. Attorney Feodoroff discussed that the process is to have the roads laid out, and the Town Meeting body has jurisdiction over the layout of the streets, and legally, we can't entertain the motion on Town Meeting floor until the other steps of the process are completed. She added that given that, the Moderator would most likely rule the articles out of order. She explained that the residents would need to get an engineered plan for layout and present it to the Board; a posted notice of hearing with abutter notification would also need to occur.
Mr. Hickey discussed that he met with the residents of Cedar Street; he discussed that the layout could be around $7,500, which is a challenge to get funding. Ms. Valerie Massard, Town Planner, was in attendance and talked about some solutions that could be done and what the process is to be.

Mark Guidoboni was in attendance to discuss, and Mr. Hickey discussed that OCPC had a done research on this request and that a three-way stop sign is not warranted at that interesection, but that the Board asked OCPC review this request again. It was discussed that the article is merely advisory if approved at Town Meeting. The Board of Selectmen would use that as advice but is not required to act in concert with the result of the vote.
Ms. Emberg stated that she would like to see the data on what the results of installing a 3-way stop

sign would be before voting and would like the recommendation of OCPC prior to the vote.

VOTE: I move the Board of Selectmen to vote unfavorable action on Article 50 Petitioned Article – Country Club Way, on the Annual Town Meeting Warrant.

Doug Dondero of Copper Beach attended to discuss this article.

Ms. Emberg discussed many exchanges by the developer and a possible lot of exchanges for having a buffer. Ms. Kramer asked what Conservation's thoughts are on this item, and the Board discussed it.
Mark Guidoboni of 16 Copper Beach Drive favors land swap and buffer and trades land in a 2-1 ratio to increase the buffer. Ms. Emberg expressed concerns that with the passing of the article, the Town would be limiting possible options regarding a potential future development.
